

Dear FCC, Location: Starbucks T-Mobile, Campbell Ave Campbell,  
CA

Rendered unusable due to a new business named Blendz  
next door who is out-powering T-Mobile's signal.  
Within Starbucks, at a 90 degree angle to Blendz Hub,  
the Blendz signal strength is 88% and T-Mobile's is  
12%.

I have informed T-Mobile and Blendz Mgmt that I was  
going to report this to you. Someone is losing \$\$\$  
here, (Starbucks or T-Mobile), and since there was no  
problems before Blendz appeared, it seems as though  
Blendz is just out-powering T-Mobile. Please  
investigate.

Thank you
